

Enterprise Development Program

Through our Enterprise Development (ED) Program, we are committed to contributing meaningfully to the inclusive economic development and growth of all citizens of South Africa, with emphasis on small black-owned enterprises.

Mukololo Road Assist

Centurion

We have re-engaged with Mukololo Road Assist, a business we previously supported in 2021 by assisting with their mobile locksmith services. Since our initial involvement, Mukololo Road Assist has experienced significant growth.

R639 955.84

in tracking device donations

To help them expand their vehicle tracking and recovery systems business, we donated tracking devices that provide location and route data through simple plug-and-play installation. This contribution aligns with our commitment to promoting sustainable development among our ED beneficiaries and will further empower Mukololo Road Assist to enhance its service offerings.
